A FEW THINGS ABOUT OUR FROZEN CUSTARD...

“The frozen custard stand is where God goes to get his ice cream.”
THE WALL STREET JOURNAL

“Nielsen’s Frozen Custard is one of the, ‘100 Best Things to Eat in America’”
MEN’S JOURNAL MAGAZINE

“Few people under 50 have ever tasted real frozen custard. It’s what super-premium ice cream might wish to be ... it has very little air, which even the best ice creams have lots of ... and is super smooth and creamy.”
FORBES MAGAZINE

“Nor is ice cream quite on par with frozen custard, which is smoother and richer and considerably rarer. It’s what ice cream ought to be.”
THE WALL STREET JOURNAL

“Made much as it was on Coney Island in the 1920s, the soft, cold, creamy custard tastes exactly like it should but nothing else. It is thick, velvety, intensely rich, smoother than ice cream ... All frozen custard is ice cream, but not all ice cream is frozen custard.”
THE NEW YORK TIMES

“Frozen custard is the premium of premiums ... The ultimate ice cream.”
SAN DIEGO TIMES-ADVOCATE

“The best of Tampa Bay: Best Ice Cream - Nielsen’s Frozen Custard (no contest here folks.)”
THE TAMPA BAY TIMES

“frozen custard ... I liked it even better than ice cream ... I didn’t know that custard was made from milk, rather than cream, and that it therefore contained less butterfat than ice cream. I simply preferred the texture.”
HEALTH MAGAZINE

EVEN WITH ALL THE RAVE REVIEWS, OUR FROZEN CUSTARD HAS LESS CALORIES AND LESS FAT THAN GOOD ICE CREAM. (OUR PATENTED MACHINE JUST KNOWS HOW TO MAKE IT SMOOTH AND CREAMY WITHOUT THE CALORIES IT TASTES LIKE IT HAS.

IT IS JUST \$1.97 FOR A FULL 4 OUNCE, (QUARTER POUND) CONE OR CUP.
 WE MAKE IT FRESH, NATURAL AND WHOLESOME.

THANK YOU FOR BEING A “CUSTARDMER”!
